

# MAXIBLUE<sup>®</sup> Rotary Diaphragm 'Suction Lift' Condensate Pump

The Maxi Blue is the best condensate pump to use in bedrooms or other noise sensitive areas as it is the 'QUIETEST' for use on A/C units up to 10kW. A small compact 'rotary diaphragm' suction lift condensate pump - so there is no filter to clog and no float to stick.

## Maxi Blue X87-701 RESERVOIR KIT

- Ideal for air conditioning up to 10kW
- Reservoir Kit
- 21dBA -Silent Running
- Exceptionally quiet and no vibration
- Powered by water sensors
- 3 year warranty
- Max Flow: 10 litres p/hour @ zero lift
- Max Head: 8m (cut off-no flow)
- Max suction lift 1 meter but with extension = 6 meters
- Use **only** 6mm I.D. reinforced or thick wall clear tube
- Height: 67.4mm Length: 157mm Width: 58mm

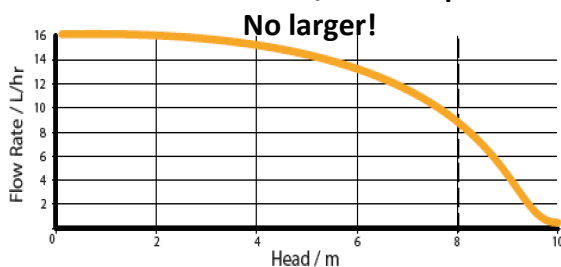

## Maxi Blue X87-703 TEMPERATURE SENSOR

- Ideal for air conditioning up to 10kW
- 2 Temperature Sensor Kit
- 21dBA -Silent Running
- 3 year warranty
- Max Flow: 10 litres p/hour @ zero lift
- Max Head: 8m (cut off-no flow)
- Max suction lift 1 meter but with extension = 6 meters
- Use **only** 6mm I.D. reinforced or clear tube
- Height: 67.4mm Length: 157mm Width: 58mm

<b>Max Discharge:</b>	8 m (cut-off – no flow)
<b>Max Flow Rate:</b>	10 l/hr
<b>Electrical:</b>	230V 50/60Hz

**IMPORTANT: Use on A/C units up to 10kW...**

Vertical (H) of discharge	Horizontal length of discharge			
	0m(l/h)	5m(l/h)	10m(l/h)	15m(l/h)
2m	12	10	5	0
4m	10	6	3	0
6m	7	3	1	0
8m	5	1	0.2	0

**TIP: For the 'Quietest' Running... always select the Reservoir Model**

**THE BEST SUCK PUMP IN TOWN! ...NO Brrrrrrrrr NOISE!  
NO FLOAT TO STICK!  
NO FILTER TO CLOG!  
3 YEAR WARRANTY**

**IMPORTANT  
INSTALLATION BY HVAC-R  
PROFESSIONALS ONLY**

**NOTE: 5 METRE SENSOR EXTENSION IS AVAILABLE**
